Professional Summary

Rachael possesses a strong work ethic and have a wealth of knowledge when it comes to the legislative, operational, and technical components of payroll systems. With the ability to work in a fast-paced environment with ever-changing requirements and possesses whilst remaining cool and collected under pressure. This along with my desire to continue to learn and improve, and to share this knowledge with those around me makes me an asset to a team.

Rachael has a broad experience in finance and finance systems. Currently working as a technical analyst in payroll systems with a focus on ensuring employees are paid as per legislation working with key stakeholders in 11K large company which entails a range of technical, reporting and integration processes.

Also, currently enrolled in code academy at UWA with as estimation completion of November 2021 with the goal to expand my technical capability.
